

**WASTEWATER DEPARTMENT**

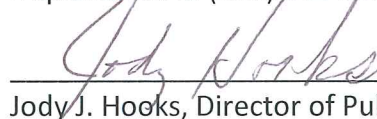

Jody J. Hooks, Director of Public Works  
Susie Blake, Wastewater Superintendent

The attached survey is to determine whether any business may be using or discharging substances into the sanitary sewer system, which could harm the environment. The Environment Protection Agency (EPA) and the Texas Commission on Environmental Quality (TCEQ) has mandated that the City of League City obtain information from every business owner/manager. In compliance with this requirement, the survey needs to be completed and returned to the City of League City's Wastewater Department by April 11, 2022. All businesses within the City of League City and the Extra Territorial Jurisdiction (E.T.J.) of League City are required to fill out the survey.

Chapter 114 Utilities Article III Section 114 of the League City's Code of Ordinance grants the City the authorization to request information from every business owner/manager about their business operation. The information collected will be used to determine if there are potential discharges, which may affect the Publicly Owned Treatment Works (POTW). As part of 40 CFR 403.8 Pretreatment program requirements, League City is required to identify all businesses that might be subject to a pretreatment program. This survey will be used to identify potential industrial and significant business users and businesses will be subject to inspection. All discharges shall comply with all laws, regulations, and requirements which are mandated by the state and federal government.

Please return the survey via email at [Pretreatment@leaguecitytx.gov](mailto:Pretreatment@leaguecitytx.gov), fax at 281-554-1325 or call Pretreatment at (281) 554-1318 to schedule a pickup. An electronic fillable version of the survey is available online on the main Wastewater webpage located at <https://www.leaguecitytx.gov/2163/Wastewater>.

If you have any questions, concerns, or comments, please feel free the Wastewater Department at (281) 554-1320 or contact the Pretreatment Coordinator at (281) 554-1318.
